CIT Concepts for 9-1-1: Dispatch Personnel

August 19th, 2022

8:00 a.m. – 4:00 p.m.

LETAC Training Center

840 S. Spring St, Suite B, Springfield, IL

This course is pending ILETSB approval and certification.

Course Overview: Telecommunicators will be able to choose an appropriate course of action in dealing with individuals with mental illnesses.

Exposure to the classroom strategies will enhance the Telecommunicator's ability to determine an appropriate response to the situation at hand. Applying the skills addressed in class will help begin to de-escalate a crisis, and enhance officer/ responder safety as well as public safety, in turn reducing the potential for civil and criminal liability.

There is no denying the high volume of such calls and the significant number of reoccurring encounters with people experiencing mental health issues. Telecommunicators need options.

Course Topics Include:

- Examine the behaviors associated with mental health disorders:
 - Anxiety disorder
 - Panic disorder
 - Obsessive Compulsive Disorder

If it is not a mandated course, all MTU# 10 local members will be given registration preference until seven days prior to the date of class. After that date, registrations will be taken on a first-come, first-served basis, regardless of MTU status. *We cannot accept registrations from individual officers. All registrations must go through your Chief, Sheriff, or department training office, even if you are attending class on your own time.*

Cancellation: If a class must be canceled for any reason, every effort will be made to do so at least 2 weeks before the class is scheduled to begin. However, there are circumstances where last minute cancellation is out of our control. All officers who have been registered for training will be contacted at the email address given at registration, so please be sure to provide an email address which is checked often.
