PURPOSE OF THIS COURSE: This 24-hour seminar has been created to specifically prepare detectives, investigators, agents, supervisors, gang officers and uniformed patrol officers to become effective interviewers when conducting criminal investigations and other professional duties as directed by their respective agencies.

COURSE DESCRIPTION: The focus of this seminar is to provide law enforcement personnel with specialized interview and interrogation training that will significantly help develop the knowledge and skill level needed today. This training will help attendees effectively and professionally conduct interviews and interrogations when handling today's most experienced criminals from street-level criminal entities to high-level and complex terrorist groups.

Each specific module has been designed for every participant to focus on self-evaluation and address their own strong and weak points as they prepare to become professional interviewers in today's demanding times.

From newer officers to the more experienced interviewers, participants will learn to easily separate the interview and interrogation process in three phases. Each crucial stage provides simple and straightforward how-to's that will assist in obtaining difficult confessions while *protecting the interviewer, the agency and the confession*.
