Meets Illinois Mandates: EMR (9.00hrs) + Law Concerning Searches & the Use of Force (0.50hrs + 0.50hrs Scenario) + Officers Safety Techniques, Including Cover, Concealment and Time (3.00hrs + 2.50hrs Scenario) + Active Threat Response (16.00hrs + 12.00hrs Scenario)

COURSE OBJECTIVE: This 16-hour course is designed to prepare law enforcement officers and firefighter personnel with the skills and abilities to instruct rescue task force concepts and techniques at the department level. The course is a collaborative training program designed to bring law enforcement and fire service personnel together to provide nationally recognized best practices and strategies for managing, deploying, and utilizing rescue task force teams during active killer/mass casualty events.

COURSE CONTENT: The course will allow police and fire department trainers opportunities to work together and practice the operational skills required to manage active killer/mass casualty incidents. The course will prepare prospective instructors with the tools necessary to use adult learning methods to create effective and productive lesson plans and proper learning environments essential to facilitate rescue task force training. At the culmination of this course, students will be able to define roles, responsibilities, and operational procedures to support a rapid deployment rescue task force response training exercise and program.
