Peer Support, Resiliency & Suicide Prevention

October 10-11, 2023

8:00 a.m. – 4:00 p.m.

LETAC Training Center

840 S. Spring St, Suite B, Springfield, IL

This course is ILETSB approved and certified for the following mandates: Crisis Intervention (1.00 Hr.), Officer Wellness/Mental Health (1.00Hr.) and Procedural Justice (1.00Hr.)

Course Overview & Instructor Information:

This two-day training module is taught by author and former Marine, Silouan Green. He has worked with the military, law enforcement, and other first responders for over a decade on issues of resiliency, peer support, suicide prevention and mental fitness. A survivor of a tragic jet crash as a US Marine, that killed his co-pilot, and someone who overcame severe PTSD, he understands personally what it takes to overcome the trials and traumas of life to live with meaning and purpose. As a mentor and teacher to many police departments and law enforcement officers across the country, he is committed to helping them all “come home”.

Law Enforcement is facing a host of pressures: morale, budgeting, staffing, a hostile media environment, and a myriad of other issues. In many ways, their struggle to “come home” can be as challenging as that of a military veteran. This class will increase the resiliency of your officers while equipping them to train and respond to their fellow officers.

Upon Completion, Students Will Be Able To:

- Investigate the connection between suicide, PTSD, and the traumas of service.
- Address the impact of the service on family, personal issues, and how to find balance at work, and at home.
- Use tools for helping officers make healthy transitions from conditions of trauma.
- Create a culture of resiliency and pro-active community awareness for first responder issues.
- Use simple peer support tools that can be used in your department and your community.
- Promote a culture of mental fitness that makes your officers stronger and more resilient.
- Respond quicker to officers in crisis, to decrease the risks of self-medication, family troubles, and suicide.
