Civil Rights (4hrs), Constitutional/Proper Use of LE Authority (4hrs), Crisis Intervention (2hrs), Procedural Justice (12hrs) and Use of Force: De-escalation Techniques (5hrs) and Officer Safety Techniques (7hrs)

Course overview:

The HFRG Defensive Tactics System is the first subject control system developed through tactical, legal and medical research. Tactically, the system addresses the most common types of resistance officer's encounter, allowing the instructor to maximize training on job related techniques. Legally, the HFRG System teaches a simple use of force continuum that clarifies the appropriate force level for every level of resistance. Medical research was conducted on every HFRG technique to refine technique efficiency and to ensure the medical implications were proportional to the level of resistance.
